

Clery Compliance Awareness Week • October 5-9, 2020

Later this Fall 2020 semester, you will receive a direct link to the Annual Security and Fire Safety Reports for Gainesville and Jacksonville, the Annual Security Report for UF's Separate Campuses, and the Annual Fire Safety Report for UF's Separate Campuses. It is important that you take time to review the information in these reports.

The reports provide valuable information about:

- security policies for the campus, including access and maintenance
- to whom a crime or other emergency should be reported
- the authority and jurisdiction of the University of Florida Police Department and UF Health Security Department
- how the institution will communicate with you in the event of a serious crime or other emergency that poses a threat to the health or safety of our community
- the crime prevention, security awareness, sexual misconduct, and other safety and security-related education programs offered by various campus departments
- the institution's policies, procedures, and response to reports of sexual misconduct
- crime statistics for the three most recent calendar years
- procedures that are in place if a residential student is reported to be missing
- fire safety policies, fire drills, and fire evacuation procedures
- descriptions of the fire safety systems in each residential facility
- statistics regarding residential facility fires

What can you do to help create a safe campus and to keep our campus in compliance?

Each student and employee can participate by doing the following:

- Familiarize yourself with the contents of the Annual Security and Fire Safety Reports for Gainesville and Jacksonville, the Annual Security Report for UF's Separate Campuses, and the Annual Fire Safety Report for UF's Separate Campuses. It contains important safety and security-related information that you can use to help keep yourself and others safe.
- Participate in the various safety and security-related education programs provided by the University of Florida.
- Read all safety and security-related communications distributed by the University of Florida and follow any instructions or crime prevention tips they contain.
- If you are the victim of or witness to a crime, report it promptly to the UFPD at (352)392-1111 or through the GatorSafe app. If you wish to report anonymously, you can do so through the Silent Witness form found here: <https://police.ufl.edu/contact/silent-witness/>.
- If you know someone who was the victim of a crime, encourage them to report it promptly to the UFPD at (352)392-1111.
- If you are the victim of any form of Sexual Misconduct, report it immediately the UFPD at (352)392-1111 and to the Title IX Coordinator at (352)275-1242.
- If you become aware of a residential student who might be missing, immediately report that to UFPD at (352)392-1111 so they can immediately attempt to locate the student and initiate an investigation.
- If you see evidence of a fire that has already been extinguished in an area where it may not have set off a fire alarm (e.g., you see evidence that someone lit a trashcan on fire, you see evidence of a piece of paper on a bulletin board that was set on fire, etc.), immediately report that to UFPD at (352)392-1111 so that the incident can be documented and investigated if it is not clear that the fire was set accidentally.
