

Staffing needs for event security are determined solely at UFPD's discretion, based on the evaluation of the objective criteria listed below. The University of Florida Police Department is required to staff our shifts adequately with sufficient personnel to cover the entire campus to the best of our ability. If staffing permits on-duty personnel may be assigned to the event in lieu of off-duty personnel on the day of the event. The costs per hour for UFPD personnel are as follows*:

- Non-Sworn Police Service Technician: \$39 per hour
- Police Officer: \$56 per hour, 3-hour minimum
- Police Sergeant: \$75 per hour, 3-hour minimum
- Police Lieutenant: \$85 per hour, 3-hour minimum

UFPD uses reasonable, objective criteria to determine appropriate event security measures and associated costs for users pursuant to a University use of space agreement. Although not exhaustive, below is a list of criteria that may be considered:

- Maximum occupancy capacity of the space, both indoor and outdoor
- Ticketed event / ticket sales / expected attendance
- Ingress / Egress to the space, including number of ingress and egress points
- Location of building
- Location of space within building / layout of the space
- Time of day / day of week
- Type of activity taking place in the space (i.e. listening to a speaker vs playing laser tag)
- Lighting conditions in and around the space
- Traffic patterns, including number of intersections
- Presence / availability of alcohol
- Food, beverage or other sales / cash handling
- Open to the general public / university community only
- Physical security measures utilized for the event (i.e. magnetometers, barriers, etc.)

* An additional 3% administrative fee will be assessed for UF affiliates and an 8% administrative fee will be assessed for non-UF affiliates.

* These rates are subject to change per Police Benevolent Association contract.
