

# 2021 ANNUAL FIRE SAFETY REPORT

Containing information for the 2021-2022 Academic Year

GAINESVILLE • UF HEALTH JACKSONVILLE • SEPARATE CAMPUSES

UNIVERSITY of  
FLORIDA

**UF** | UNIVERSITY of  
FLORIDA

## Campus Fire Safety Right-to-Know

The goal of the Clery Act is to ensure that students, prospective students, parents and employees have access to policy statements as well as fire statistics associated with each on-campus student housing facility, including the number of fires, cause of fires, injuries, deaths and property damage.

The information in this report presents information for facilities managed by UF's Division of Housing and Residence Education and on-campus student housing facilities owned or controlled by the University of Florida at separate campus locations for the calendar year 2020. Additionally, due to the novel coronavirus COVID-19, information on the temporary housing spaces used for quarantine purposes in calendar year 2020 are included in the 2021 Annual Fire Safety Report.

### Definition of a Fire

Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

For inclusion of this report, the University of Florida will include all fires that meet defined guidance regardless of size, cause, or whether the fire results in injury, death, or property damage, including:

- Fires on the roof or the outside walls of a building even if the fire doesn't reach the inside;
- Incidents where there is evidence that there was burning;
- Fires in parking facilities and dining halls that are physically attached to and accessed directly from on-campus student housing authorities; and
- Fires reported to any official at the University of Florida

### Classifications of a Fire

#### UNINTENTIONAL FIRE

A fire that does not involve an intentional human act to ignite or spread fire into an area where the fire should not be.

Causes are listed below:

- Cooking
- Smoking Materials
- Open flames
- Electrical
- Heating Equipment
- Hazardous products
- Machinery/Industrial
- Natural
- Other

#### INTENTIONAL FIRE

A fire that is ignited, or that results from a deliberate action, in circumstances where the person knows there should not be a fire.

#### UNDETERMINED FIRE

A fire in which the cause cannot be determined.

## 2021 Annual Security Report

The Annual Fire Safety Report is published separately from the Annual Security Report. The Annual Security Report can be directly accessed here: <https://police.ufl.edu/clery/annual-security-and-fire-safety-reports/>

You may also request a copy of the Annual Fire Safety Report or the Annual Security Report by emailing the Office of Clery Act Compliance at [UPD-CLERY@ad.ufl.edu](mailto:UPD-CLERY@ad.ufl.edu)

## Fire Safety Information

### HOW TO REPORT A FIRE

If a fire occurs in a residential facility on the Gainesville campus, students and employees should:

1. Call 9-1-1 for emergency response.
2. Call UF Housing & Residence Education at (352)392-2161 to report the fire. Fires can also be reported to any UF Housing & Residence Education staff member such as a Resident Assistant, Graduate Community Coordinator, or an Area Coordinator.

### FIRE DRILLS

Staff conducts four mandatory fire drills annually, one at the beginning of each semester in each residence hall: Summer A/C, Summer B, Fall, and Spring. Staff may choose to conduct more than one fire drill at the beginning of the semester if additional training or education is needed for staff or residents. Residence Life supervisors provide prior notice of fire drills to UFPD and the Director of Housing for Facilities Management. Prior notice may or may not be made to student staff. Prior notice is not made to residents. Staff completes written reports to the Director of Housing for Facilities Management after all fires, fire alarms, or fire drills.

### GRADUATE AND FAMILY HOUSING AREAS:

Because Graduate/Family Housing apartments have direct outside access, no fire drills are required.

### 2021-2022 SINGLE STUDENT COMMUNITY STANDARDS

#### U.19. FIRE SAFETY

**A. EVACUATION** – Immediate evacuation when an alarm sounds, and/or emergency flashing lights have been activated and/or when instructed to do so by appropriate hall staff is mandatory. Re-entry into a building before receiving confirmation from appropriate hall staff, UFPD, the fire department, or other emergency personnel is prohibited. Re-entry is prohibited while the alarm is sounding. For safety reasons, using an elevator to evacuate a building is also prohibited.

**B. COOKING** – Residents and their guests must not leave appliances and their food items unattended while cooking with appliances at any time. Residents and their guests are responsible for the proper use of approved cooking appliances, use of residence hall ovens, paying attention to food items while using the appliances, and will be responsible for any damages that may occur.

**C. COOKING APPLIANCES** – Residents are

allowed to use the following items in their room or kitchen areas: electric fondue pots, air fryers, electric crock pots, coffee pots, hot dog cookers, frying pans, drip coffee makers, toasters (not toaster ovens), bread makers, and popcorn poppers. These items are permitted so long as they are single units with sealed heating elements. Convenience items such as blenders, mixers, can openers, and juicers are also permitted.

The following items are permitted, but may be used only in kitchen areas: toaster ovens, airstream ovens, electric frying pans, waffle irons, ceramic sealed hot plates, hot plates with exposed coils, deep fryers, rice cookers, and counter-top electric grills without flames (e.g. "George Foreman" grills).

**D. MICROWAVE OVENS** – Microwaves will be permitted in resident rooms provided the following guidelines are met:

- A maximum of two microwave ovens are permitted in a resident room if each unit is .75 cubic feet or less
- Microwave ovens must be UL approved
- Each unit and/ or units combined must not exceed 1,500 watts (only one microwave oven is permitted if the unit(s) exceeds .75 cubic feet and/or 1500 watts)

**E. CANDLES AND INCENSE** – Possession or use of all candles (including wickless and candle warmers) and incense for any purpose is prohibited in the residence halls.

#### F. EXTENSION CORDS/MULTI-PLUG

**ADAPTORS** – For the protection of the residential community, residents are permitted to use extension cords with the following restrictions:

1. Only UL (Underwriters Laboratories) certified three-prong grounded extension cords that are 14 gauge or heavier are permitted to be possessed and/or used inside the residence halls.
2. The extension cord must be equipped to plug in one item only. An extension cord that meets all other requirements and is designed for more than one item to be plugged into it is not allowed because this type of extension cord is considered a multi-plug device without a circuit breaker.

**NOTE:** The lower the gauge number, the heavier/thicker the cord is. Cords cannot exceed 10 feet in length. Only one appliance/item may be plugged into an extension cord; only one extension cord may be used per double outlet.

3. Only UL (Underwriters Laboratories) or ETL certified multi-plug adapters (otherwise known as a surge protector/power strip) with circuit breakers are permitted to be possessed and/or used inside the residence halls. Mini-generators with circuit breakers that back-up devices or conserve power are prohibited.

4. Up to three appliances/items may be plugged

into one multi-plug adapter (otherwise known as a surge protector/power strip) per double outlet. The maximum wattage for a double outlet is 1,500 watts.

5. Extension cords and multi-plug adapters (otherwise known as a surge protector/power strip) may not be connected. Items may not be plugged into outlets/plugs contained in other items.

6. Air-freshener plug-ins (e.g. Glade TM plug-ins) with a built-in "outlet" may be used only if the outlet in the air-freshener is not used.

**NOTE:** Rules concerning extension cords and multi-plug adapters (otherwise known as a surge protector/power strip) are written in compliance with State Fire Codes and the engineering specifications of our various buildings.

#### G. AIR CONDITIONERS/HEATERS

– Residents are prohibited from installing air conditioners or ceiling fans in their rooms. Residents are prohibited from plugging AC units into any other outlet not designed specifically for the unit. Open coil space heaters are also prohibited. Other appliances/items are prohibited from being plugged into outlets designed specifically for AC use.

#### H. DECORATIONS

1. "Live cut" trees (such as Christmas Trees) are prohibited in the residence halls.
2. Strands of lights (Holiday Lights) may be used in residence hall rooms but are prohibited from being plugged into each other to create a string of lights.
3. Flags, banners, or other cloth/flamable decorations are prohibited from being hung on and/or from the ceiling. All decorations must adhere to the decorative strip provided for posting or if none is provided, decorations must not be higher on the wall than the door frame.

**I. REFRIGERATORS** – Are permitted in resident rooms provided the following guidelines are met:

- All refrigerators must be UL, ETL, or CSA approved.
- Door gaskets must be in good condition.
- All refrigerators must be equipped with a (3) three-prong grounded plug which must be plugged into the wall outlet.

**NOTE:** In cases in which the wall outlet is inaccessible, the refrigerator may be plugged into an extension cord that is ten feet in length or less, 14 gauge or thicker/heavier, and has room for only one item.

- Unit amperage must not exceed 3.5 amps.
- Unit size must not exceed 12 cubic feet.
- Students must maintain refrigerators in a safe and sanitary condition.
- Only 1 refrigerator per resident is permitted

**J. BARBECUE GRILLS** – Persons are

# UF Gainesville Campus

## Fire Safety Information continued

permitted to use charcoal barbecue grills at a safe distance (15 feet or more) from all buildings. The use of grills is prohibited under any covered walkways, landings, or balconies. Residents are responsible for attentive supervision and proper use of all grills while cooking. For Infinity Hall residents, no grill of any kind is allowed in or outside of the facility. Grills are provided in designated areas only by Signet. See U.20.C for storage of chemicals/charcoal policy.

### K. LAMPS –

1. All “floor style” halogen lamps are prohibited in residence halls. Halogen lamps specifically designed and marketed as desk lamps that have a bulb that is fully unexposed behind a solid glass casing that is unable to be tampered with and is at 50 watts or less are acceptable. Only UL (Underwriter’s Laboratories) or ETL approved lamps can be used in the residence halls.

2. Lava lamps are not permitted for use in the residence halls.

**L. PERSONAL CARE ELECTRICAL DEVICES** – Hair/blow dryers, curling irons, straightening irons, and other personal care electric devices must be plugged directly into the outlets.

**M. FIRE SAFETY DEVICES** – Residents are prohibited from hanging items from, cover, or otherwise tampering with fire safety devices

### U.04. SMOKING/TOBACCO

A. Under UF- 2.022 of the University of Florida Regulations, tobacco use, either by smoking or other means is prohibited in all areas of the University campus.

“Smoking” means inhaling, exhaling, burning, carrying or possessing any lighted tobacco product, including cigarettes, cigars, pipe tobacco, shisha, and any other lighted tobacco products. This also includes smoking any lighted substance, including but not limited to cloves, spices, incense, herbs, hemp, and illicit drugs.

“Tobacco use” means the personal use of any tobacco product, whether intended to be lighted or not, including the use of an electronic cigarette or any other device intended to simulate smoking (such as vaporizers and juuls); and the use of smokeless tobacco, including snuff, chewing tobacco, smokeless pouches, any other form of loose-leaf, smokeless tobacco and the use of unlit cigarettes, cigars, and pipe tobacco.

B. Possession and/or use of hookahs is prohibited in and around the adjacent property of the residence halls.

### 2021-2022 GRADUATE & FAMILY HOUSING COMMUNITY STANDARDS

#### U.40. FIRE SAFETY

**A. EVACUATION** – Immediate evacuation

when an alarm sounds and emergency flashing lights have been activated, and/or when instructed to do so by appropriate staff is mandatory. Re-entry into a building before receiving confirmation from appropriate staff, UFPD, the fire department, or other emergency personnel is prohibited. Re-entry is not permitted while the alarm is sounding.

**B. COOKING** – Residents and their guests must never leave their food items unattended on the stove, in the oven, in the microwave, or other cooking devices. Persons are responsible for the proper use of cooking appliances and attention to food items while using the appliances and will be held responsible for any damages that may occur.

### C. STOVETOP/BACKSPLASH & RANGEHOODS

must be free of flammable items such as cardboard, cloth, plastic wrap, aluminum foil, and newspapers. Burner trays, range hoods, counter-tops, and walls adjacent to the range are not to be covered with any material.

**D. AIR CONDITIONERS (Corry RESIDENTS ONLY)** – Corry Village residents in non-renovated units may be able to supply their own air conditioners. Residents must secure approval from the Housing and Residence Life staff. Installation must be performed by Housing and Residence Life staff and there is a charge for installation.

**E. HEATERS** – Personal heaters, including but not limited to open coil space heaters, radiant heaters, or kerosene heaters are not permitted.

**F. BARBECUE GRILLS** – Persons are permitted to use barbecue grills at a safe distance (15 feet or more) from all buildings.

The use of grills is not permitted under any covered walkways, landings, or balconies. Grills must be attended by the resident while lit and in use, and/or still hot to touch. Propane grills

are allowed as long as the propane container is under 1.5 pounds. The container/can be stored inside the apartment away from electrical appliances, direct sunlight, and heat sources. The storage of grills MUST be on the ground floor of the building. Ground floor residents may store a grill outside of their apartment. Second floor residents MUST store their grills on the ground floor in the designated storage area(s). Please contact Housing and Residence Life staff for information on storage area(s). **No grills are allowed to be stored or operated on the second floor of a residential apartment and/or village buildings.** See U.41.C for storage of chemicals/charcoal policy.

**G. LAMPS** – All “floor style” halogen lamps are prohibited in Graduate and Family Housing apartments. Halogen lamps specifically designed and marketed as desk lamps that have a bulb that is fully unexposed behind a solid glass casing that

is unable to be tampered with and is at 50 watts or less are acceptable. Appropriate Village and/or maintenance staff shall decide if a halogen lamp meets qualifications. **Only UL (Underwriter’s Laboratories) and ETL approved lamps can be used in the residence facilities.**

**H. CANDLES AND INCENSE** – Candles and incense must be supervised by residents. Residents are required to be present in the room in which candles and incense are in use. Candles and incense left unattended will be extinguished by staff.

**I. FIRE SAFETY DEVICES** – RResidents are not permitted to hang items from, cover, or otherwise tamper with fire sprinkler devices, smoke detectors, fire extinguishers, and other items that serve as a safety precaution to prevent fires.

**I. PERSONAL CARE ELECTRICAL DEVICES** – Hair/blow mdryers, curling irons, straightening irons, and other personal care electric devices must be plugged directly into the outlets.

### U.54. SMOKING/TOBACCO

A. Pursuant to UF - 2.022 of the University of Florida Regulations, tobacco use, either by smoking or other means, is prohibited in all areas of the University campus. to UF- 2.022 of the University of Florida Regulations, tobacco use, either by smoking or other means, is prohibited in all areas of the University campus.

<https://regulations.ufl.edu/>

“Smoking” means inhaling, exhaling, burning, carrying or possessing any lighted tobacco product, including cigarettes, cigars, pipe tobacco, shisha, and any other lighted tobacco products. This also includes smoking any lighted substance, including but not limited to cloves, spices, incense, herbs, hemp, and illicit drugs.

“Tobacco use” means the personal use of any tobacco product, whether intended to be lighted or not, including the use of an electronic cigarette or any other device intended to simulate smoking (such as vaporizers and juuls); and the use of smokeless tobacco, including snuff, chewing tobacco, smokeless pouches, any other form of loose-leaf, smokeless tobacco and the use of unlit cigarettes, cigars, and pipe tobacco.

B. Possession and/or use of hookahs is prohibited in and around the adjacent property of The Villages.

### 2021-2022 THE CONTINUUM COMMUNITY STANDARDS

#### U.70. FIRE SAFETY

**A. EVACUATION** – Residents must evacuate immediately when an alarm sounds, and/or emergency flashing lights have been activated, and/or when instructed to do so by appropriate

# UF Gainesville Campus

## Fire Safety Information continued

staff. Re-entry into a building before receiving confirmation from appropriate staff, police officers, the fire department, or other emergency personnel is prohibited. Re-entry is not permitted while the alarm is sounding.

**B. COOKING** – Residents should not leave their food items unattended on the stove or in the oven at any time. Residents are responsible for the proper use of approved cooking appliances and attention to food items while using the appliances. Residents will be held financially responsible for any damages that may occur.

**C. STOVETOP/BACKSPASH & RANGEHOODS** must be free of flammable items such as cardboard, cloth, plastic wrap, aluminum foil, and newspapers. Burner trays and range hoods are not to be covered with any material.

**D. HEATERS** – Open coil space heaters, radiant heaters, or kerosene heaters are prohibited.

**E. BARBECUE GRILLS** – No grill of any kind is allowed in or outside of the apartment unit. Grills are provided in designated areas only by the Continuum.

**F. LAMPS** – All halogen lamps are prohibited in apartments.

**G. CANDLES AND INCENSE** – Candles and incense must be supervised by the resident at all times.

**H. FIRE SAFETY DEVICES** – Residents are not permitted to remove, hang items from, cover, or otherwise tamper with fire sprinkler devices, smoke detectors, fire extinguishers, or any other safety device that serve as a safety precaution to prevent fires, carbon monoxide, and other concerns.

### **I. HOLIDAY DECORATIONS**

1. Live-cut holiday trees (such as Christmas trees) are prohibited. Only artificial trees and wreaths are permitted.
2. Strands of lights (Holiday Lights) may be used in apartments but are prohibited from being plugged into each other to create a string of lights.
3. Flags, banners, or other cloth/flammable decorations are prohibited from being hung on and/or from the ceiling. All decorations must adhere to the decorative strip provided for posting or if none is provided, decorations must not be higher on the wall than the door frame.

### **J. PERSONAL CARE ELECTRICAL**

**DEVICES** – Hair/blow dryers, curling irons, straightening irons, and other personal care electric devices must be plugged directly into the outlets.

### **U.83. SMOKING/TOBACCO**

The Continuum is a tobacco-free facility. Smoking and the use of tobacco products are prohibited inside the buildings, common hallways, individual apartments, and within the pool and grill areas.

“Smoking” means inhaling, exhaling, burning, carrying, or possessing any lighted tobacco product, including cigarettes, cigars, pipe tobacco, shisha, and any other lighted tobacco products. This also includes smoking any lighted substance, including but not limited to cloves, spices, incense, herbs, hemp, and illicit drugs.

“Tobacco use” means the personal use of any tobacco product, whether intended to be lighted or not, including the use of an electronic cigarette or any other device intended to simulate smoking (such as vaporizers and juuls); and the use of smokeless tobacco, including snuff, chewing tobacco, smokeless pouches, any other form of loose-leaf, smokeless tobacco and the use of unlit cigarettes, cigars, and pipe tobacco.

### **FIRE PREVENTION**

The best fire protection is prevention and is the result of the combined efforts of student, staff and professional inspecting personnel.

Students and staff should be made aware of the most common causes of fires which are frequently overlooked or ignored, and which in many cases have resulted in the loss of life and property. The following are common causes of fires that have occurred or could occur in residence facilities:

- Intentional ignition of accumulated trash.
- Attempt to “smoke” a friend out of his room.
- Use of inflammable liquids as cleaning agents.
- Storage of inflammable liquids within a living area.
- Overloading electrical circuits.
- Extension cords which are suspended on nails or placed in a manner that causes wear of the protective covering increases the possibility of short circuits.
- Leaving appliances plugged in and unattended.
- Poor housekeeping (accumulation of trash, newspapers, magazines, etc.).
- Operation of ventilating fan near drapes or curtains which may be drawn into the blades, stopping the machine, thus causing the motor to heat up and ignite the material.
- Drying clothing on heating devices.

### **Resident Training/Education Written Materials Undergraduate Residence Halls**

- Community Standards link provided during online contract process, during Preview, and at time of check-in.
- The Department of Housing and Residence Education presentation and handouts during freshmen orientation includes fire safety information.
- All residence halls have posted fire safety educational materials.

### **Resident Training/Education Experiential Undergraduate Residence Halls**

- Fire drills at the beginning of each semester.
- Fire safety inspections at the beginning of each semester.
- Fire safety seminar sanction for residents found in violation of fire safety community standards.

### **Resident Training/Education Written Materials Graduate and Family Housing Web Site**

The safety of the Village is the responsibility of each resident. Residents are asked to review the Housing Community Standards on the website for specific information on what items are allowed in their apartments highlighting these areas:

- Do not tamper with fire alarms, fire extinguishers or other.
- Do not cover or disconnect the apartment smoke detectors.
- Do not hang items on sprinkler heads.
- Leaving food on the stove unattended is one of the main causes of fires.
- Keep breezeways and stairwells clear. Do not lock or store bicycles in stairwells.

The Resident Guide as well as The Villager is also part of the rental agreement because new policies, procedures, and other official information are published there. Thus, the importance of reading every issue of The Villager is stressed. Posted periodically in Weekly Community Update, weekly email sent to all GFH residents:

### **Smoke Detectors**

Smoke detectors should not be unhooked or covered as this is a fire code violation. Please make sure your smoke detectors are in working order. If not, complete an iService request or Maintenance Work Request.

### **Resident Orientations**

Every new resident attends a new resident orientation meeting upon moving in. At this meeting, fire safety procedures are reviewed, which include smoking in the area; safe grilling practices; how to sound the building fire alarm system; and apartment evacuation when the building alarm is sounding. Additionally, residents are encouraged to develop a family fire escape plan. This is an individual responsibility of the residents.

### **UF GAINESVILLE FACILITY UPGRADE**

A Housing Master Plan exists that includes the installation of sprinklers in residence facilities; however, the funding cannot be “secured” more than one year prior to the proposed project. The funding source for these projects is student rent which is approved on an annual basis by the Board of Trustees. If additional funding sources become available for sprinkler projects, master plan target dates could be moved forward to provide sprinkler systems for Simpson Hall and Graham Hall.

# UF Health Jacksonville Campus

## Fire Safety Information

### HOW TO REPORT A FIRE

If a fire occurs in a residential facility on the Jacksonville campus, students and employees should:

1. Call (904)244-2222. Operators will notify Fire Department, as well as, dispatching on-site responders.

### UF HEALTH JACKSONVILLE ON-CAMPUS HOUSING AREA

Staff conducts at least one fire drill per year. Staff may choose to conduct additional fire drills if more training or education is needed for staff or residents. Fire Drills are coordinated by the UF Health Jacksonville Safety Department in cooperation with the College of Medicine, Office of Educational Affairs. The UF Health Jacksonville Safety Department provides prior notice of drills to the security department. Prior notice may or may not be made to residents. The Jacksonville Safety Department conducts all aspects of the drill and is available to assist students during the drill. The UF Health Jacksonville Safety Department completes a written report after all fires, fire alarms, or fire drills.

Upon check-in to the dorm, all residents are provided information about the location of fire extinguishers within the dorm, the procedure to follow when smoke/fire is discovered and where to report outside of the dorm when a fire alarm sounds. Additionally, this information is posted throughout the dorm for student review. In the event that smoke/fire is discovered within the dorm, students are instructed to:

- R – rescue those in danger
- A – pull alarm & call 4-2222 (campus phones) or (904) 244-2222 (non-campus phones)
- C – contain the fire
- E – extinguish and/or evacuate

If a student uses a fire extinguisher, he/she is instructed to:

- P – pull the pin
- A – aim at the base of the fire
- S – squeeze the handle
- S – sweep from side to side

### RESIDENCY

There is no residency requirement at the UF HSC-J. Students voluntarily become part of the campus residential community. By accepting dorm keys, they acknowledge and agree to follow the standards of the community. The Housing Community Standards are considered a part of the University of Florida Student Code of Conduct No 6C1-4.016 listed online at <https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/>. All Housing Community Standards

including Fire Safety community standards are available via the internet at <https://housing.ufl.edu/living-options/terms-conditions/undergraduate-housing/>.

### COMMUNITY STANDARDS FIRE SAFETY

**A. EVACUATION** – Immediate evacuation when an alarm sounds, and/or emergency flashing lights have been activated, and/or when instructed to do so by appropriate hall staff is mandatory. Re-entry into a building before receiving confirmation from appropriate Safety/Security personnel, the fire department, or other emergency personnel is prohibited. Re-entry is not permitted while the alarm is sounding. For safety reasons, using an elevator to evacuate a building is not permitted. Please use stairwells.

**B. COOKING** – Persons should not leave their food items unattended on the stove or in the oven at any time. Persons are responsible for the proper use of approved cooking appliances and attention to food items while using the appliances and will be responsible for any damages that may occur.

**C. COOKING APPLIANCES** – Persons are allowed to use the following items in their room or kitchen areas: electric fondue pots, air stream ovens, electric crock pots, coffee pots, hotdog cookers, drip coffee makers, bread makers and popcorn poppers. These items are permitted so long as they are single units with sealed heating elements. Convenience items such as blenders, mixers, can openers and juicers are also permitted.

The following items are permitted, but may be used only in kitchen areas: toasters, toaster ovens, frying pans, electric hamburger cookers, waffle irons, ceramic sealed hot plates, hot plates with exposed coils, deep fryers, and counter-top electric grills without flames (e.g. “George Foreman™” grills).

**D. MICROWAVE OVENS** – Microwaves will be permitted in resident rooms provided the following guidelines are met: a) a maximum of two microwave ovens are permitted in a student room if each individual unit is 0.75 cubic feet or less; b) microwave ovens must be UL approved; c) each unit and/ or units combined must not exceed 1500 watts (only one microwave oven is permitted if the unit(s) exceeds 0.75 cubic feet and/or 1500 watts).

**E. CANDLES AND INCENSE** – Possession or use of all candles and incense for any purpose is prohibited in the residence halls.

**F. EXTENSION CORDS/MULTI-PLUG ADAPTORS** – For the protection of the residential community, residents are permitted to use extension cords with the following restrictions:

1. Only UL (Underwriters Laboratories) certified three-prong grounded extension cords that

are 14 gauge or heavier are permitted to be possessed and/or used inside the residence halls.

2. The extension cord must be equipped to plug in one item only. An extension cord that meets all other requirements and is designed for more than one item to be plugged into it is not allowed because this type of extension cord is considered a multi-plug device without a circuit breaker.

NOTE: The lower the gauge number, the heavier/thicker the cord is. Cords cannot exceed 10 feet in length. Only one appliance/item may be plugged into an extension cord; only one extension cord may be used per double outlet.

3. Only UL (Underwriters Laboratories) certified multi-plug adapters with circuit breakers are permitted to be possessed and/or used inside the residence halls. Mini-generators with circuit breakers that back-up devices or conserve power are prohibited.
4. Up to three appliances/items may be plugged into one multi-plug adapter per double outlet. The maximum wattage for a double outlet is 1500 watts.
5. Extension cords and multi-plug adapters may not be connected. Items may not be plugged into outlets/plugs contained in other items.
6. Air-freshener plug-ins (e.g. Glade™ plug-ins) with a built-in “outlet” may be used only if the outlet in the air-freshener is not used. NOTE: Regulations concerning extension cords and multi-plug adapters are written in compliance with State Fire Codes and the engineering specifications of our various buildings.

**G. AIR CONDITIONERS/HEATERS** – Residents may not install air conditioners or ceiling fans in their rooms. Residents may not plug AC units into any other outlet not designed specifically for the unit. Open coil space heaters are not permitted. Other appliances/items may not be plugged into outlets designed specifically for AC use.

### H. RESIDENCE HALL DECORATIONS

1. “Live cut” trees (such as Christmas Trees) are prohibited in the residence halls.
2. Strands of lights (Holiday Lights) may be used in residence hallrooms but may not be plugged into each other to create a string of lights.
3. External doors, doorframes and hallways may not be decorated. Only one door nametag and message board is permitted per resident.
4. No flags, banners or other cloth/flammable decorations are to be hung on and/or from the ceiling. All decorations should be adhered to the decorative strip provided for posting or if none is provided, decorations should not be higher on the wall than the door frame.

**I. REFRIGERATORS** – Are permitted in resident rooms provided the following guidelines

# UF Health Jacksonville Campus

## Fire Safety Information continued

are met:

- All refrigerators must be UL approved.
- Door gaskets must be in good condition.
- All refrigerators must be equipped with a (3) three prong grounded plug which must be plugged into the wall outlet.

NOTE: In cases in which the wall outlet is inaccessible, the refrigerator may be plugged into an extension cord that is ten feet in length or less, 14 gauge or thicker/heavier, and has room for only one item.

- Unit amperage must not exceed 3.5 amps.
- Unit size must not exceed 12 cubic feet.
- Students must maintain refrigerators in a safe and sanitary condition.

**J. BARBECUE GRILLS** – Grills are available for use and are located in the Picnic area by the South Garage. Contact on-site facilities.

**K. LAMPS** – All “floor style” halogen lamps are prohibited in residence halls. Halogen lamps specifically designed and marketed as desk lamps that have a bulb that is fully unexposed behind a solid glass casing that is unable to be tampered with and is at 50 watts or less are acceptable. Only UL (Underwriter’s Laboratories) approved lamps can be used in the residence halls.

**L. PERSONAL CARE ELECTRICAL DEVICES** – Hair/blow dryers, curling irons, straightening irons, and other personal care electric devices must be plugged directly into the outlets.

**M. SPRINKLERS** – Residents are not permitted to hang items from, cover, or otherwise tamper with fire sprinkler devices. Must keep 18” clearance from the bottom of the sprinkler head throughout dorm room/ hallways/ etc.

**SMOKING** – The University of Florida has a “No Tobacco Policy.” Smoking and tobacco use are prohibited in all facilities and areas of the University of Florida campus with no exception. This includes but is not limited to indoor and outdoor areas and properties. This policy applies to all faculty, staff, students, consultants, contractors, and visitors.

### Fire Evacuation Procedures

1. When a fire alarm sounds, all residents are to leave the building immediately. Elevators are not to be used during the evacuation. Residents are to report to the student parking lot near the dorm.
2. Residents may re-enter the building only once they have been instructed to do so by the UF Health Jacksonville Safety Department, Director of Engineering or the Fire Chief.
3. During a fire/alarm/evacuation, The UF Health Jacksonville Safety Department will conduct the initial communication between Jacksonville Security, the Fire Department, students, and the Dean(s) of students.

4. At the close of Fire/Alarm/Drill, the UF Health Jacksonville Safety Department will complete a Fire/Alarm/Drill Report.

### STAFF TRAINING/EDUCATION WRITTEN MATERIALS

Staff in the College of Medicine’s Office of Educational Affairs are familiar with the policies and procedures for fire safety on the UF Health Jacksonville Campus. These policies and procedures include, but are not limited to, evacuation plans, fire extinguisher instructions, and devices that are allowed/not allowed in the dorm. Appropriate staff have read, reviewed and acknowledged their receipt of these policies and procedures.

### FIRE PREVENTION

The best fire protection is prevention and is the result of the combined efforts of student, staff and professional inspection personnel.

Students, staff, and faculty should be made aware of the most common causes of fires which are frequently overlooked or ignored, and which in many cases have resulted in the loss of life and property. The following are common causes of fires that have occurred or could occur in residence facilities:

- Intentional ignition of accumulated trash.
- Attempt to “smoke” a friend out of his room.
- Use of inflammable liquids as cleaning agents.
- Storage of inflammable liquids within a living area.
- Overloading electrical circuits.
- Extension cords which are suspended on nails or placed in a manner that causes wear of the protective covering increases the possibility of short circuits.
- Leaving appliances plugged in and unattended.
- Poor housekeeping (accumulation of trash, newspapers, magazines, etc.).
- Operation of ventilating fan near drapes or curtains which may be drawn into the blades,

stopping the machine, thus causing the motor to heat up and ignite the material.

- Drying clothing on heating devices.

Residents are also asked to remember these considerations:

- Do not tamper with fire alarms, fire extinguishers or other fire equipment.
- Ensure fire extinguishers are free from obstruction.
- Do not cover or disconnect the dorm smoke detectors.
- Do not hang items on sprinkler heads.
- Leaving food on the stove unattended is one of the main causes of fires.
- Keep breezeways and stairwells clear. Do not lock or store bicycles in stairwells.
- Smoke detectors should not be unhooked or covered as this is a fire code violation. Please make sure your smoke detectors are in working order. If not, contact Jacksonville Facility Control Room at (904)244-2232. Plans for future improvements in fire safety, if determined necessary by the institution.

### UF HEALTH JACKSONVILLE FACILITY UPGRADE

Ongoing upgrades to fire alarm systems including the installation/upgrade of fire sprinklers, heat detectors, smoke detectors, etc. are routinely budgeted for as part of the department Master Plan for facilities.

### WHO TO CONTACT

For any safety/ security related questions or concerns, both the Safety and Security offices are located on the 1st floor directly below the dorms.

UF Health Jacksonville Safety  
(904)244-4361

UF Health Jacksonville Security Department  
(904)244-4211

# UF Separate Campuses

## Fire Safety Information

### HOW TO REPORT A FIRE

If a fire occurs in a residential facility at one of UF's separate campuses, students and employees should:

1. Call 9-1-1 for emergency response.
2. Call UF Environmental Health & Safety at (352)392-159 to report the fire.

### UF SEPARATE CAMPUSES ON-CAMPUS HOUSING AREAS

Staff conducts at least one fire drill per year. Staff may choose to conduct additional fire drills if more training or education is needed for staff or residents. Fire Drills are coordinated by the Operations Department at each Separate Campus location. Prior notice may or may not be made to residents. Operations/facilities staff conducts all aspects of the drill and are available to assist students during the drill. All Operations/Facilities departments complete a written report after all fires, fire alarms, or fire drills.

Upon check-in to an On-Campus Student Housing Facility, all residents should identify the location of fire extinguishers within the dorm (if available), the procedure to follow when smoke/fire is discovered and where to report outside of the dorm when a fire alarm sounds. Additionally, this information is posted throughout the dorm for student review near exits. In the event that smoke/fire is discovered within the dorm, students are instructed to:

- R – rescue those in danger
- A – pull alarm & call 9-1-1
- C – contain the fire
- E – extinguish and/or evacuate

If a student uses a fire extinguisher, he/she is instructed to:

- P – pull the pin
- A – aim at the base of the fire
- S – squeeze the handle
- S – sweep from side to side

### RESIDENCY

Students voluntarily become part of the campus residential community. By accepting dorm keys, they acknowledge and agree to follow the standards of the community. The Housing Community Standards are considered a part of the University of Florida Student Code of Conduct No 6C1-4.016 listed online at <http://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/>. All Housing Community Standards including Fire Safety community standards are available via the internet at <https://housing.ufl.edu/living-options/terms-conditions/undergraduate-housing/>.

### COMMUNITY STANDARDS

#### FIRE SAFETY

**A. EVACUATION** – Immediate evacuation when an alarm sounds, and/or emergency flashing lights have been activated, and/or when instructed to do so by appropriate hall staff is mandatory. Re-entry into a building before receiving confirmation from appropriate hall staff, UFPD, the fire department, or other emergency personnel is prohibited. Re-entry is not permitted while the alarm is sounding. For safety reasons, using an elevator to evacuate a building is not permitted.

**B. COOKING** – Persons should not leave their food items unattended on the stove or in the oven at any time. Persons are responsible for the proper use of approved cooking appliances and attention to food items while using the appliances and will be responsible for any damages that may occur.

**C. COOKING APPLIANCES** – Persons are NOT allowed to use the following items in their rooms: electric fondue pots, air stream ovens, electric crock pots, coffee pots, hotdog cookers, frying pans, drip coffee makers, toasters (not toaster ovens), bread makers and popcorn poppers. These items are permitted so long as they are single units with sealed heating elements. Convenience items such as blenders, mixers, can openers and juicers are also permitted.

The following items are permitted, but may be used only in kitchen areas: toaster ovens, electric hamburger cookers, waffle irons, ceramic sealed hot plates, hot plates with exposed coils, deep fryers, and counter-top electric grills without flames (e.g. "George Foreman"™ grills).

**D. MICROWAVE OVENS** – Microwaves will be permitted in resident rooms provided the following guidelines are met: a) a maximum of two microwave ovens are permitted in a student room if each individual unit is 0.75 cubic feet or less; b) microwave ovens must be UL approved; c) each unit and/or units combined must not exceed 1500 watts (only one microwave oven is permitted if the unit(s) exceeds 0.75 cubic feet and/or 1500 watts).

**E. CANDLES AND INCENSE** – Possession or use of all candles and incense for any purpose is prohibited in the residence halls.

**F. EXTENSION CORDS/MULTI-PLUG ADAPTORS** – For the protection of the residential community, residents are permitted to use extension cords with the following restrictions:

1. Only UL (Underwriters Laboratories) certified three-prong grounded extension cords that are 14 gauge or heavier are permitted to be possessed and/or used inside the residence halls.
2. The extension cord must be equipped to plug in one item only. An extension cord that meets

all other requirements and is designed for more than one item to be plugged into it is not allowed because this type of extension cord is considered a multi-plug device without a circuit breaker.

**NOTE:** The lower the gauge number, the heavier/thicker the cord is. Cords cannot exceed 10 feet in length. Only one appliance/item may be plugged into an extension cord; only one extension cord may be used per double outlet.

3. Only UL (Underwriters Laboratories) certified multi-plug adapters with circuit breakers are permitted to be possessed and/or used inside the residence halls. Mini-generators with circuit breakers that back-up devices or conserve power are prohibited.
4. Up to three appliances/items may be plugged into one multi-plug adapter per double outlet. The maximum wattage for a double outlet is 1500 watts.
5. Extension cords and multi-plug adapters may not be connected. Items may not be plugged into outlets/plugs contained in other items.
6. Air-freshener plug-ins (e.g. Glade™ plug-ins) with a built-in "outlet" may be used only if the outlet in the air-freshener is not used. **NOTE:** Regulations concerning extension cords and multi-plug adapters are written in compliance with State Fire Codes and the engineering specifications of our various buildings.

**G. AIR CONDITIONERS/HEATERS** – Residents may not install air conditioners or ceiling fans in their rooms. Residents may not plug AC units into any other outlet not designed specifically for the unit. Open coil space heaters are not permitted. Other appliances/items may not be plugged into outlets designed specifically for AC use. **NOTE:** Thomas and Buckman residents please speak with hall staff concerning AC use in your area and follow applicable guidelines for Thomas and Buckman Halls.

#### H. RESIDENCE HALL DECORATIONS

1. "Live cut" trees (such as Christmas Trees) are prohibited in the residence halls.
2. Strands of lights (Holiday Lights) may be used in residence hallrooms but may not be plugged into each other to create a string of lights.
3. External doors, doorframes and hallways may not be decorated. Only one door nametag and message board is permitted per resident.
4. No flags, banners or other cloth/flamable decorations are to be hung on and/or from the ceiling. All decorations should be adhered to the decorative strip provided for posting or if none is provided, decorations should not be higher on the wall than the door frame.

**I. REFRIGERATORS** – Are permitted in resident rooms provided the following guidelines

# UF Separate Campuses

## Fire Safety Information continued

are met:

- All refrigerators must be UL approved.
- Door gaskets must be in good condition.
- All refrigerators must be equipped with a (3) three prong grounded plug which must be plugged into the wall outlet.

**NOTE:** In cases in which the wall outlet is inaccessible, the refrigerator may be plugged into an extension cord that is ten feet in length or less, 14 gauge or thicker/heavier, and has room for only one item.

- Unit amperage must not exceed 3.5 amps.
- Unit size must not exceed 12 cubic feet.
- Students must maintain refrigerators in a safe and sanitary condition.

**J. BARBECUE GRILLS** – Persons are permitted to use barbecue grills at a safe distance (50 feet or more) from all buildings. The use of grills is not permitted under any covered walkways, landings, or balconies. Residents are responsible for attentive supervision in proper use of all grills while cooking. Propane tanks should not be stored in or within 50 feet of buildings.

**K. LAMPS** – All “floor style” halogen lamps are prohibited in residence halls. Halogen lamps specifically designed and marketed as desk lamps that have a bulb that is fully unexposed behind a solid glass casing that is unable to be tampered with and is at 50 watts or less are acceptable. Only UL (Underwriter’s Laboratories) approved lamps can be used in the residence halls.

**L. PERSONAL CARE ELECTRICAL DEVICES** – Hair/blow dryers, curling irons, straightening irons, and other personal care electric devices must be plugged directly into the outlets.

**M. SPRINKLERS** – Residents are not permitted to hang items from, cover, or otherwise tamper with fire sprinkler devices.

**SMOKING** – The University of Florida has a “No Tobacco Policy.” Smoking and tobacco use are prohibited in all facilities and areas of the University of Florida campus with no exception. This includes but is not limited to indoor and outdoor areas and properties. This policy applies to all faculty, staff, students, consultants, contractors, and visitors.

### Fire Evacuation Procedures

1. When a fire alarm sounds, all residents are to leave the building immediately. Elevators are not to be used during the evacuation. Residents are to report to the student parking lot near the dorm.
2. Residents may re-enter the building only once they have been instructed to do so by the applicable Separate Campus Facilities Department.
3. At the close of Fire/Alarm/Drill, the applicable Separate Campus Facilities Department

will complete a Fire/Alarm/Drill Report. This form must be completed and turned into the applicable Separate Campus Facilities Department (within 24 hours of the Drill or Alarm) for records retention purposes.

### STAFF TRAINING/EDUCATION WRITTEN MATERIALS

Staff at each Separate Campus are familiar with the policies and procedures for fire safety at that particular campus. These policies and procedures include, but are not limited to, evacuation plans, fire extinguisher instructions, and devices that are allowed/not allowed in the dorm. Appropriate staff have read, reviewed and acknowledged their receipt of these policies and procedures.

### FIRE PREVENTION

The best fire protection is prevention and is the result of the combined efforts of student, staff and professional inspecting personnel.

Students, staff, and faculty should be made aware of the most common causes of fires which are frequently overlooked or ignored, and which in many cases have resulted in the loss of life and property. The following are common causes of fires that have occurred or could occur in residence facilities:

- Intentional ignition of accumulated trash.
- Attempt to “smoke” a friend out of his room.
- Use of inflammable liquids as cleaning agents.
- Storage of inflammable liquids within a living area.
- Overloading electrical circuits.
- Extension cords which are suspended on nails or placed in a manner that causes wear of the

protective covering increases the possibility of short circuits.

- Leaving appliances plugged in and unattended.
- Poor housekeeping (accumulation of trash, newspapers, magazines, etc.).
- Operation of ventilating fan near drapes or curtains which may be drawn into the blades, stopping the machine, thus causing the motor to heat up and ignite the material.
- Drying clothing on heating devices.

Residents are also asked to remember these considerations:

- Do not tamper with fire alarms, fire extinguishers or other.
- Do not cover or disconnect the apartment smoke detectors.
- Do not hang items on sprinkler heads.
- Leaving food on the stove unattended is one of the main causes of fires.
- Keep breezeways and stairwells clear. Do not lock or store bicycles in stairwells.
- Smoke detectors should not be unhooked or covered as this is a fire code violation. Please make sure your smoke detectors are in working order. If not, contact Whitney Laboratory Facilities. Plans for future improvements in fire safety, if determined necessary by the institution.

### UF SEPARATE CAMPUSES FACILITY UPGRADES

Ongoing upgrades to fire alarm systems including the installation/upgrade of fire sprinklers, heat detectors, smoke detectors, etc. are routinely budgeted for as part of the department Master Plan for facilities.

# Fire Statistics and Review of Fire Safety

For the Gainesville, UF Health Jacksonville, and Separate Campuses

# University of Florida Gainesville Campus Fire Statistics

Tigert Hall  
Gainesville, FL 32611

The following table summarizes fire events on the University of Florida Gainesville Campus for the last three years, 2018, 2019 and 2020. Statistics are provided for Campus Housing and Total Housing. Causes of each fire, damages caused by each fire, general location of each fire, injuries and death resulting from each fire are included in the summary report.

RESIDENTIAL FACILITY	Date	Time	Cause	Injuries	Death	Property Damage Value
<b>2020</b>						
Swine Barn, Blg 0770 (2345 SW 23rd Terr)	01/27/2020	05:45PM	Cooking-Stovetop grease fire	0	0	\$0-99

\* Bedrooms are not sprinkled; only corridors are sprinkled.

\*\* IFAS Residences are maintained by the University of Florida Institute of Food and Agricultural Sciences; these locations are not maintained by UF Housing & Residence Education.

Sprinkler dates indicated with N/A are scheduled to be phased out of the Housing inventory by 2023.

Fire Alarm Systems refers to fire alarm systems that are monitored by UFPD, smoke detection, fire extinguisher devices and evacuation plan & placards posted on each student room door. All Housing and Residence Education facilities are equipped with fire extinguishers in compliance with currently adopted NFPA 10 coverage requirements. All extinguishers are inspected monthly by University of Florida Fire Equipment Services and all required testing is completed and performed as required by NFPA 10.

# Review of University of Florida Gainesville Fire Safety

## COVID-19 Temporary Housing Spaces used in calendar year 2020

In calendar year 2020, in response to the novel coronavirus COVID-19, temporary housing spaces at local hotels in the Gainesville, FL area were provided for students who were quarantined due to an exposure or positive COVID-19 test. Contracts between the University of Florida and these hotels were established to reserve space for students who would need to be relocated for quarantine or isolation purposes, upon need. These contracts were signed in August 2020, in preparation for the Fall 2020 Academic semester.

For reporting year 2020, the U.S. Department of Education has advised per Appendix C "2021 Clery Act geography - COVID-19 information" of the 2021 User's Guide for CSS Web-based Data Collection that if institutions have contracted hotels or other spaces for quarantine due to COVID-19 that this space should be considered both on-campus and an on-campus student housing facility for the period that students were assigned to live there for quarantine. Additionally, if the institution repurposed a nonresidential campus facility for the purpose of quarantine, this space should be considered on-campus student housing facility during the time that students were assigned to live there as a part of quarantine. As the below hotels were used as temporary housing spaces in the calendar year 2020, these spaces will be included in the Annual Fire Safety Report and reported as student housing facilities\* for the period that students were assigned to live there for quarantine.

Facility	Year Built	% Space Sprinkled	Fire Alarm	Total Sq. Footage	Sq. Ft. Sprinkled	Ground Floor Sq. Ft.	Total Floors	Sprinkler Date	Fire Sprinkler System	System Permit Date	Number of Fire Drills in 2020
<b>STAYBRIDGE SUITES • 3401 SW 40TH BLVD. GAINESVILLE, FL 32608**+</b>											
Duration of housing: 09/05-15/2020	2019	N/A	N/A	31,198	N/A	N/A	5	N/A	Yes	05/15/2017	N/A

\* 34 CFR 668.49(b)

\*\*The Staybridge Suites and Holiday Inn Express occupy conjoined physical space, but operate as two separate hotels

+Fire safety information for these hotels was obtained through publicly accessible information

### FIRE SAFETY POLICIES

While these hotels were used as temporary housing spaces, the University of Florida did not have control over the Staybridge Suites, Holiday Inn Express, and the Quality Inn, therefore fire safety related information for each of these spaces was dependent on and managed by the individual hotel on-site management. Policies regarding the use of portable electrical appliances, smoking and open flames, and procedures for evacuation in case of a fire are provided to each guest upon arrival and within in the room itself, in accordance with H.R. 94 and F.S.S. 509.215. A person should report a fire by calling 9-1-1.

As the Reitz Union Hotel is a nonresidential campus facility managed by UF, this space will be considered an on-campus student housing facility during the time that students were assigned to live there as a part of quarantine. Policies regarding the use of portable electrical appliances, smoking and open flames, and procedures for evacuation in case of a fire are provided to the guest upon arrival and within in the room itself, in accordance with H.R. 94 and F.S.S. 509.215. A person should report a fire by calling 9-1-1 or a Building Supervisor at (352)260-3545. There are no plans for future improvements to fire safety for the Reitz Union Hotel.
